

HD 9/16 ST-H

Stationary - Hot Water Capable

SWEEPEX AUSTRALIA

The HD 9/16 ST-H is a high volume, stationary pressure washer capable of accepting inlet water up to 80°C

It is suitable for a permanent installation with a maximum of 6 take-off points. Each take-off point can be remote controlled and also have individual chemical injection, allowing one machine to be used for many different applications throughout the installation

The machine features a rugged 3 piston axial pump with stainless steel pistons, ceramic sleeves and a brass cylinder head

An integrated injection pump eliminates cavitation and hammering when used with water up to 80°C.

An optional stainless steel cover extends the machine application to all industries including food production and manufacturing, vehicle cleaning, agricultural, industrial cleaning, plant and equipment maintenance

Technical Data HD 9/16 ST-H

Power Supply	3 Phase 400-415 V, 50 Hz
Connected Load/ Prefuse	5.7 kW / 20 A
Pressure- Variable	30-160 BAR
Flow Rate - Variable	550-950 litres / hour
Maximum Inlet Water Temp	80°C
Dimensions (mm)	L700 x W600 x H470
Weight	85 kg
Construction	Steel frame, polyethylene cover (stainless option)
Pump Construction	Brass head, stainless steel valves, pistons, ceramic sleeves

Kärcher HD 9/16 ST-H
ACCESSORIES

NOZZLES, GUNS & LANCES

Dirt Blaster
4.763-250.0
Non adjustable, ceramic nozzle
Increase Effective Working Pressure by 50%

HP Detergent Injector
3.637-001.0
Adds up to 15% detergent independent of the machine
Requires matched nozzle set 4.769-003.0

Inno Foam Set
2.640-692.0
Complete, ready-to-use HP foam system for use with mobile and stationary HD/HDS units for cleaning and disinfection.
Twin spray lance with foam nozzle and changeover to HP jet for clear rinsing etc.,
Requires matched nozzle sets.

HOSES

Food Industry-Non Marking ID 8mm
Various Lengths

Non marking flexible hose for food industry applications. Available in various lengths
M22 x 1.5 mm fittings each end

SPECIALIST CLEANING TOOLS

FR30 Rapid Surface Cleaning Tool 300 mm
FR50 Rapid Surface Cleaning Tool 500 mm

A rotating nozzle beam with KÄRCHER Power nozzles. Covers an area up to 10 times larger than conventional methods in the same time. Stainless steel version. Ceramic bearings. Integral vacuum connection.
Requires matched nozzle sets

PURCHASE & MAINTENANCE OPTIONS

Outright purchase. Short term interest free.
Competitive & tax effective long term rentals or lease with low doc options.
Maintenance options include fully maintained, routine servicing or service on demand.

KÄRCHER HD 9/16 ST-H
