

KM 70/30 Compact Sweeper

Kärcher KM 70/30 Compact Sweeper

Compact walk behind sweeper with battery powered main and side brooms.

Suitable for sweeping most hard surfaces, indoor or outdoor, across a wide range of industries.

Innovation

Single iconic "EASY" control switch for simplicity of operation.

Power driven brush system provides optimal cleaning, even at low speeds and around corners.

Six stage, height adjustable main broom provides ample downward pressure to lift dirt from smooth indoor or rough outdoor surfaces, as required.

The side broom features simple variable brush pressure and the whole broom arm can be raised when not required.

Battery powered vacuum filtration system for maximum fine dust control. Efficient cleaning system.

Easy handle height adjustment to suit most users.

On board 12 volt battery and integrated battery charger.

Super quiet at only 59dBA:
Only as loud as normal conversation.

Reliability

Legendary German engineering from one of the world's largest commercial cleaning equipment manufacturers ensures quality and reliability.

KM 70/30 Compact Sweeper

The KM 70/30 C Bp Adv is a battery powered walk-behind sweeper with vacuum dust extraction. It has a total sweep path of 700 mm.

The machine offers excellent straight line control and sweeps equally as well around corners and at very low speeds.

PRODUCTIVITY & RELIABILITY

Adjustable handle ergonomically designed for relaxed and fatigue-free operation.

Suited to a wide range of indoor and outdoor applications including: petrol stations, footpaths, storage areas, workshops, halls, & small warehouses.

Vacuum dust suction combined with a manual filter shaker. Dust filtration to Class M.

User friendly "EASY" control switch, battery condition & charge indicators.

On-board battery charger.

Low weight polyethylene components for longer battery run times and ease of use.

Main roller brush and side brush have simple height adjustment to quickly adapt to all surfaces, including carpet.

SAFETY

Easy to empty and clean, simple filter cleaner.

Integrated carry handles for easy transportation. Main handle folds over machine for easy stowage.

Clear line of sight and simple operator controls increase performance.
